HHS Extends Deadline for Attestation

The Department of Health and Human Services has extended the deadline for health care professionals to attest to receipt of payments from the Provider Relief Fund and accept the Terms and Conditions. Providers will now have 45 days, increased from 30 days, from the date they receive a payment to attest and accept the Terms and Conditions or return the funds. As an example, the initial 30-day deadline for providers who received payment on April 10, 2020, is extended to May 24 from May 9, 2020. With the extension, not returning the payment within 45 days of receipt of payment will be viewed as acceptance of the Terms and Conditions. Visit hhs.gov/providerrelief for more information on the allocations. Recipients of payments from any of these allocations must attest and accept the Terms and Conditions within 45 days.
